Few words about us

IPS Flexi Staffing Services

IPS Flexi Staffing Services provides integrated solutions for temporary staffing / contract /staff outsourcing for various segments of industry and corporate. IPS provides human resources to various companies who intend to outsource their certain non-core activities to professional agencies, so that they can focus on their core activities.

IPSFSS combines various activities by providing required human resource as per organization fitment, documentation of resources, managing their activities, compliance of statutory & payroll of resources deployed and their replacement whenever required.
